Morton, Arends, Chargin Daum And Rose Elected

Voters in Campbell re-elected Richard Morton and James Arends who are to serve four year terms, and elected John Chargin, Gordon Daum and Charles Rose who are to serve two terms Tuesday with only 842 of the 2501 qualified voters casting ballots.

There was a close contest between Rose and Carolyn Coons with the latter having a majority vote in three precincts while Rose took a substantial lead in his home precinct. At the Grammar School precinct Rose polled 138 votes as compared with 76 by Miss Coons, giving him a 24 vote majority. There are 14 absentee ballots to be counted next Tuesday when a canvass of the votes is made by the council.

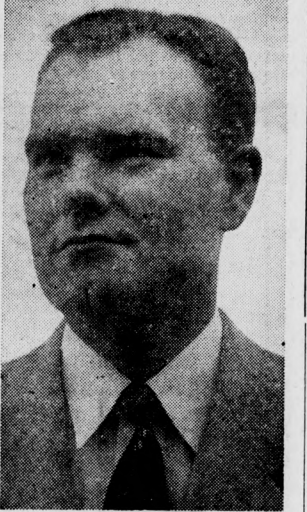

When the new council is inaugurated Monday, April 26, they will then choose one as chairman who will be named mayor. Richard Morton has served as mayor since the city was first organized and has been a constructive force in the city's progress. STREET REPAIR CONTRACT IS LET BY CITY COUNCIL

Some 225,000 square feet of road surfacing is to get under way at once in Campbell with the letting of a contract by the city to Coast Grading and Paving company for all projects presented by the city engineer. There had been six plans submitted under priority classifications, the contract to go for the plan suited to the funds available.

The contract was let for \$6878.49 which was below the engineer's estimate of \$7572.28. Four other bids submitted were above the engineer's estimate and ranged to \$13,200 for the same work.

Other bids received were from A. J. Raich Paving Co., Kenneth F. Cushman, Leo Piazza Paving Co., and J. C. Bateman, Inc.

The streets to be improved include Maple avenue, part of Page street, Harrison avenue and Grant avenue. All of North First street and part of Esther, West Latimer and West Rincon. No action was taken by the council on the request by City Treasurer for a salary increase for the same reason. If special services are assigned he may be considered for extra pay for those services, it was indicated.

Voters will also be asked to approve a 90 cent special district tax rate limit to replace the 30 cent special rate.

Edward Merrill, trustee chairman said, "We must have 100 new classrooms by 1958, and it is imperative that this bond issue succeed if we are to run our schools at the level accomplished so far".

Sale of bonds is limited by district assessed valuation, trustees pointed out, and the 90 cent special tax will not be ully used unless necessary.

Applications for zone changes have been made by Ralph E. Weaver, 1092 Minnesota Ave., San Jose and Mayfair Packing Co. on property located at the corner of San Jose-Los Gatos Road and Hamilton Avenue.

REDWOOD GROVE TO BE PRESERVED

The impressive primeval forest in Calaveras south grove of giant sequoias is to be preserved as a state park following the donation of one million dollars for its purchase from John D. Rockefeller, Jr. to the state for this purpose. The state is to match the fund together with pledges from the federal government, from individuals and organizations for the \$2,800,000 sale price.

The proposed park has a stand of 1000 Sierra redwoods as well as sugar and ponderosa pines. The devastating effect of timber cutting has removed much of the native stand. It is well that men of wealth can and will share it in this manner so that people of our day and in generations to come, may enjoy the same communion with nature.

THE MEANING OF EASTER

Easter is not made up entirely of bunnies and chicks and colored eggs. It is not the new clothes and fashions, the music and the church attendance. These, to be true, are as much a part of the occasion as Santa Claus is to Christmas.

To do a kind act, to be thoughtful of others and less critical, will to some extent express the Easter spirit.

Easter is not alone the Resurrection and its proof of eternal life, but the magnificent life on earth of the Man who rose from the tomb. It was Jesus' love for others, regardless of their rank or station in life, His forgiveness, His tolerance, His devotion to their betterment and His skill in healing — healing which His followers practiced widely for 300 years after the crucifixion — that enabled Him to leave a record of unequalled achievement.

Honoring Him at Easter time, or any time, should be done through following in some degree His example.

DAYLIGHT SAVING RETURNS

As Spring advances and the sun climbs higher in the heavens, daylight savings is about with us again. According to law, California clocks must be set one hour ahead on Sunday, April 25.

As usual, daylight saving will be greeted with mixed emotions. Most farmers dislike it because it interferes with the normal routine of their operations.

Daylight saving in California must be regarded as another phenomenon of the increased population and urbanization of the State.

Opponents of daylight saving can, under the circumstances, have little hope of ridding themselves of it. However, there is a ray of hope. A population expert says California's swollen population is suffering such discomforts that fewer people are moving here. Who knows? Perhaps the tide will turn someday and they'll start moving away, taking daylight saving with them.

WHY CANCER?

Why cancer? The answer to this question has been one of the best kept secrets of the ages. Modern scientists still do not know. But soon the riddle of cancer may be solved.

Because cancer is a peculiarly cruel disease, it has long been surrounded by a fear nourished by ignorance. The American Cancer Society has given leadership in recent years to a program of public education which has brought cancer out into the open, and actually saved thousands of lives by teaching people how to recognize the disease so that it can be cured in an early stage.

An interesting result of increased public enlightenment has been the stimulation of public interest in cancer research. Supported entirely by voluntary contributions, the research program of the American Cancer Society involves an investment of approximately five million dollars a year. It is producing results. Some medical men are beginning to feel that the riddle of cancer is approaching solution.

Cancer will strike one in every five of us, and, in doing so, attack one family in every two. Strike back by making your contribution to the Santa Clara County Branch of the American Cancer Society at Box 818, Campbell.

LETTERS TO THE EDITOR

Opinions expressed in this department do not necessarily reflect the editorial policy of this newspaper.

Editor, Campbell Press

We have had fine city officers the past year and they deserve much credit for a "Job well done".

The Council has spent money wisely and has kept taxes down to a low level. This scrutiny over money expenditures is something we need to preserve in the future.

Many of us have known Mayor Morton since he was a small boy, and know of his fine qualities both in his professional career and as a public spirited citizen.

Mrs. Ivy M. Rost

Editor, The Campbell Press.

I would like to add to what Mr. Field has said as to accomplishments by Mayor Richard Morton and staff in so short a time.

We have a good Police Dept. with salaried officers and modern equipment ever on the alert when called or needed; a Fire Dept. also with necessary equipment who have done a wonderful job in handling fires when called upon; also established a road maintenance group and machines, which is new for Campbell. There has also been budgeted and provided funds for traffic signals at Hamilton and S. J. Los Gatos Road which anyone who has ever driven to said junction knows the difficulties encountered crossing there, will truly appreciate. And all this in the short time of two years, and financially still in the black.

Our Mayor Richard Morton is a Campbell born and reared man, and has his home town's interest and progress at heart. I have been a resident of Campbell for the past 37 years and know his background and his progress, and feel we of Campbell are truly fortunate in having such a man to handle the City's government.

Yours truly,
Lloyd Selig

Editor, The Campbell Press

When, in defeat, there is the knowledge that the success of the victors will be for the best for the greatest number, then having been defeated leaves no remorse. Such is the result of Tuesday's election. May the new council members continue to stride in the path so well started.

To the people of Campbell, who saw fit to cast their ballot for me, I say, in all sincerity, "Thank you".

RAY S. GILPATRICK

Editor, Campbell Press.

I would like to extend thanks to all who voted for me at the election Tuesday, also to the men who signed my nomination papers. To the newly elected councilmen I extend sincere congratulations with confidence the City of Campbell will continue to grow in prosperity in their able guidance.

CANINE CENSUS Would reveal that there are more than eighty around the city limits of Campbell yet that is all the dog tags sold in the last two years at the office of the city clerk probably because no plan was set up for taking strays into custody. . . . There were 900 tags bought a couple of years ago, and now that a contract has been signed with the county to pick up dogs whenever there is a complaint about them the word is to be gotten out to get a license for tower or he may be in the same predicament as a motorist without a driver's license when brought to a stop by a motorcycle siren. . . . there is one five month old pup which strayed away from the K. S. Young home at 372 North Central avenue for which the owners will gladly pay a reward for its return and there would be nothing unusual about this except that it looks like a skunk. . . . has a black face and a white streak down its back, short bushy tail, short legs and smells. . . . doggy if you know what I mean.

BIG SHAGGY DOG of the Pyrenes breed named Wawona that has been a familiar sight around the streets of Campbell for a long time is going to have pups and the scales would tell a startling story if you could get her on them. . . . only one hundred of her breed now in the west. . . . her home is at the L. C. Garcia family on Central avenue.

SIGNS OF THE TIME. . . the flowers by wire is out-dated in Campbell as here we have flowers by the Easter bunny. . . yes, sir, Ralph Atwell a Quito lad dons the Easter rabbit costume and delivers all your flowers from now until Sunday, especially y those to the hospitals where he takes not only flowers but also colored eggs to the children's ward, an idea from the nurses who were so impressed by his costume on delivery of flowers that they pooled a few dimes for him to return with eggs and his flappy ears for the pleasure of the children.

Union School Loses 8-7 To Thomas Ryan

Union School baseballers were good sports in losing 8-7 to Thomas Ryan School, Saturday, in spite of the fact that winning runs were the result of strikeouts.

"We outhit 'em and we outplayed 'em, yet four runs were scored against us, because the batter struck out", Berkeley Matthews, Union coach wailed.

Gary Kessner, regular Union School catcher was sidelined with a heel bruise, so Matthews sent in a substitute who kept dropping ball on the third strike. This sent the batter to base. It happened four times with the bases loaded, giving Thomas Ryan players four unearned runs, Matthews explained.

Even greater value from your telephone! That's the good news in the Congressional Bill reducing Federal Excise Taxes on April 1. The tax on long distance service was cut from 25% to 10%. And it means quite a saving. If you have a long distance bill of, say, \$10.00 a month, on which you used to pay a tax of \$2.50, you'll save \$1.50 under the new tax rate. Taxes on your local service have been cut, too—from 15% to 10%. And, of course, every penny of the Federal Excise Tax reduction goes directly to you. Pacific Telephone.
